

ACCESSORIES

Storage: All of our Systems are compatible with a number of battery storage solutions.

Mobile APP: Contains new features on our mobile app for our system owners to:

- Check your energy production in real time
- Get system performance alerts
- See what we see when monitoring your solar system

EV Charging: Using your own solar energy, effortlessly charge your electric vehicle with a Helio installed EV Charger. Modern transportation seamlessly integrated into your home solar system

“ I reached out to Helio to get more information how solar works and the different types of programs about 2 months ago. The rep guided my wife and I on choosing what was best for our home. We just got installed 2 weeks ago and inspection was done last week as well. **I can't thank the Helio team enough and the install team did a exceptional job from start to finish** and didn't leave any trash behind. Thank you Helio team! - Bryan G. 2024

QUALITY IS OUR MISSION

PRODUCT QUALITY - BACKED FOR A MINIMUM OF 25 YEARS*

At HELIO SOLAR, quality is at the core of everything we do. We prioritize it at every stage of the design and installation process to ensure that every HELIO SOLAR system operates seamlessly. Each system is backed by industry-leading warranties from our Tier 1 solar technology partners, covering product performance, power output, production, and labor.

Our mission is to deliver maximum value to consumers looking to save money by switching to solar. One way we achieve this is by offering systems with panels that generate more kilowatt hours than traditional panels. Here's how we do it:

- Utilizing the highest wattage panels available for your roof
- Maximizing power generation in the early morning and late afternoon
- Offering the highest energy output per rated watt over a 25-year span.

BEST IN CLASS INSTALLATION

Our Design & Installation Process is Built on Professional Craftsmanship

You can trust HELIO SOLAR's team of highly skilled certified installers to deliver excellence. We uphold the highest standards in quality, professionalism, craftsmanship, and customer service.

- Our installers are among the best in the solar industry, carefully selected, thoroughly trained, and fully certified.
- They receive top-tier design and installation training, along with ongoing education, to stay up-to-date with the latest best practices and industry innovations.

INSTALLATION MATTERS

FINANCIALLY SOUND, STABLE COMPANY

- Headquartered in Connecticut
- Customer Satisfaction Leader
- A+ Rating, Better Business Bureau
- Industry Award Winner
- Home Advisor Approved

HELIO IS PEACE OF MIND

- Dedicated Entirely to Solar Energy Solutions
- Offering Only Tier 1 Premium Components
- 25/30-Year Warranty: Panels, Power Production, Inverters, Racking and Labor
- Elite Team With Years of Solar Experience

ACCREDITATIONS AND CERTIFICATIONS

WORKING WITH THE WORLD'S LEADING SOLAR TECHNOLOGY PROVIDERS

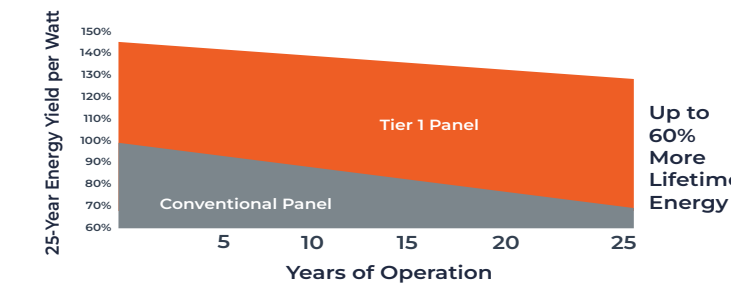

HIGHEST EFFICIENCY PANELS AVAILABLE

HELIO SOLAR offers the most efficient solar panels on the market today. The panels we use have a positive tolerance and will consistently generate the same amount of power as they did when they were new.

- HELIO SOLAR's panels:
 - Use Monocrystalline Wafers
 - Feature Anti-reflection Technology
 - Have 20% Minimum Module Efficiency
 - Produce more in minimum light conditions
 - Are better at dealing with shade than other panels
 - Function at a lower temperature which improves performance

SUPERIOR CELL TECHNOLOGY

Our solar cells stand apart, delivering greater power and reliability through a robust metal foundation and innovative back contact design.

The signature all black cells not only enhance efficiency but also provide a sleek, premium aesthetic.

FLEXIBLE INVERTER SOLUTIONS

Microinverter, String Inverter, or Optimized String Inverter System

- Helio Solar provides a comprehensive solar solution meticulously designed and engineered to provide exceptional energy production and significant long-term savings for your home.
- Design: Thoughtfully crafted by Helio Solar to offer superior performance combined with sleek, elegant aesthetics.
- Reliability: Extensively tested to withstand real-world conditions, supported by industry-leading 25-30* year warranties.

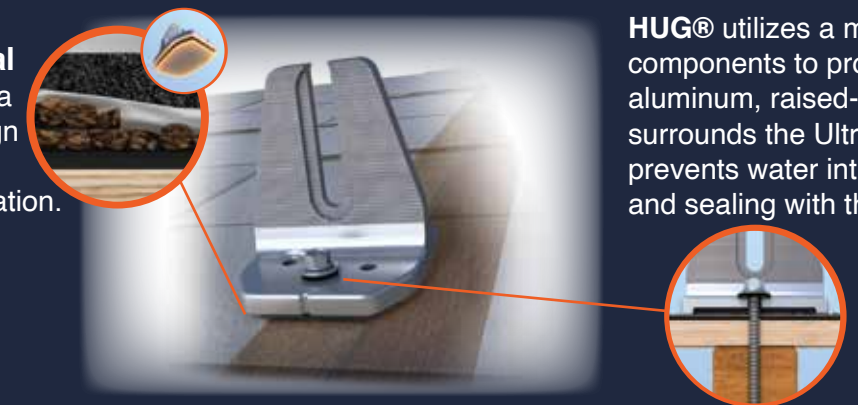

ANATOMY OF A HELIO SOLAR SYSTEM

- 1 Ironridge Racking:** Hidden rails make the panels seem as if they are floating.
- 2 Monocrystalline Cells:** Robust back contact design for unmatched durability.
- 3 Clean Look:** Wires are bundled and hidden behind panels using anodized aluminum clips.
- 4 Inverter Solutions:** Advanced technology to maximize the production of each panel.
- 5 Tier 1 All Back Slim Panels:** High efficiency solar panels provide maximum production.

IRONRIDGE HUG™ - HALO ULTRA GRIP ROOF MOUNTING SYSTEM

HALO UltraGrip™ Seal
HUG UltraGrip™ utilizes a state-of-the-art seal design that uses a unique, foam-and-mastic combination.

HUG® utilizes a multi-tiered stack of components to provide revolutionary aluminum, raised-perimeter foundation surrounds the UltraGrip base—that prevents water intrusion by adhering and sealing with the shingle surface.
